## Recent Projects

- **Client:** Abi Group

**Project:** Cardwell Range Construction

Translocated Ant Plants to new locations and organised and transplanted Epiphytes, Grass Trees and Cycads to a nursery while the Cardwell Range is being upgraded. These plants will be moved to their new locations in 2012.

- **Client:** Powerlink QLD

**Project:** Kareeya Innisfail Line Rehabilitation

Prepared and maintained the planting areas for 30000 native pioneer species along the decommissioned Kareeya Innisfail H/V powerline.

At present 20000 trees have been planted and planting will be completed late April.

- **Client:** Powerlink QLD

**Project:** Woree Turkinjie Line Rehabilitation

Ongoing maintenance of planting areas along the upgraded Woree Turkinjie H/V powerline.
